

Hello.
user1

Hi, how are you?
user2

I am doing well, how are you?
user1

I'm good, thank you!
user2

I think the Republicans are more
hypocritical
user2

I must say I think Republicans are
more hypocritical.
user1

I agree
user2

I mean the big thing for me, is they
talk about the sanctity of life, and
how abortions are so wrong, but
then they cut funding for programs
for needy children
user1

That is exactly what I was about to
say!
user2

I mean if you really think a child's
life is sacred, you should be willing
to fund programs that help these
kids out
user1

They only care about controlling
women's bodies but do not care
one bit about them once they are
born.
user2

They want to blame mental health
for school shooters but they cut
mental health funding left and
right.
user2

It's like they force women to have
these kids
user2

and then do nothing to care for
them once they are born.
user2

Reagan started cutting mental
health services in the 80's, and
since then it seems like these mass
shootings are increasing year after
year.
user1

And then REpublicans talk about it
being a mental health issue and
not a gun issue
user1

They are the ones who cut mental
health programs!
user1

As access to guns gets easier and
easier every year. I live in Texas
and find it appalling how easy it is
to get your hands on a semi-
automatic rifle.
user2

Exactly!
user2

God forbid we limit who can
purchase a gun. They place guns
over fetuses.
user2

Fetuses over children.
user2

And children over women.
user2

It's insane.
user2

Sorry, I got logged off, and sent to
a fact of the day site for a minute
their, not sure what happend.
user1

No worries. I was typing about
how they handled the supreme
court nomination of Garland
user2

How they said they wouldn't even
have hearings because it was
Obama's last year in office
user2

but they pushed through Coney
Barret when it was Trump's last
year
user2

It was literally the same exact
scenario and they completely
reversed everything they said. It's
like they didn't even bother to
pretend to not be total liars.
user2

Yeah, that is another great
example of their hypocrisy. I'm
really surprised their hasn't been
more outrage, but people just
seem to accept it
user1

They do, it's sad
user2
